# Accessing your health assessment: First time access

After completing the initial pages of tutorials/prompts, you will see this page.

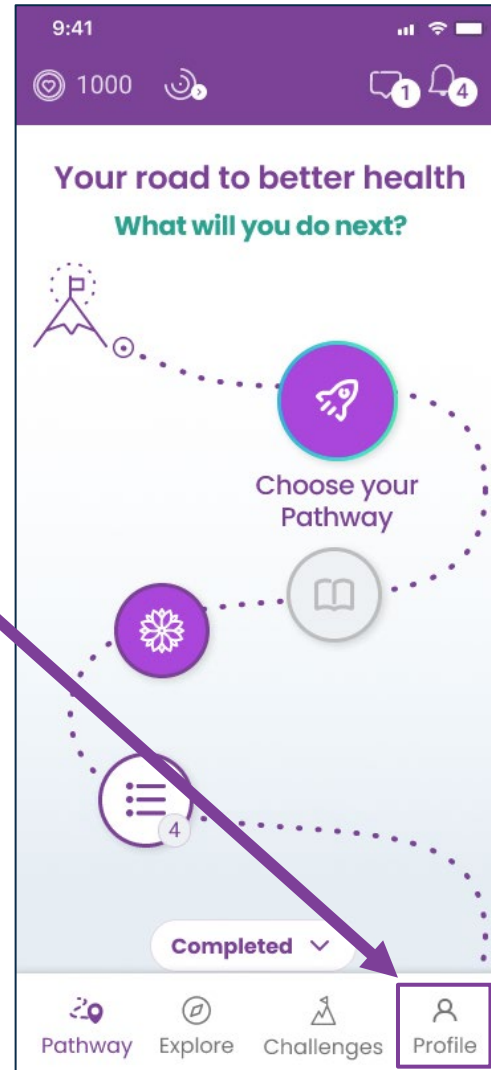

Tap on the **Update my Health Assessment** button to take your health assessment.

# Accessing your health assessment

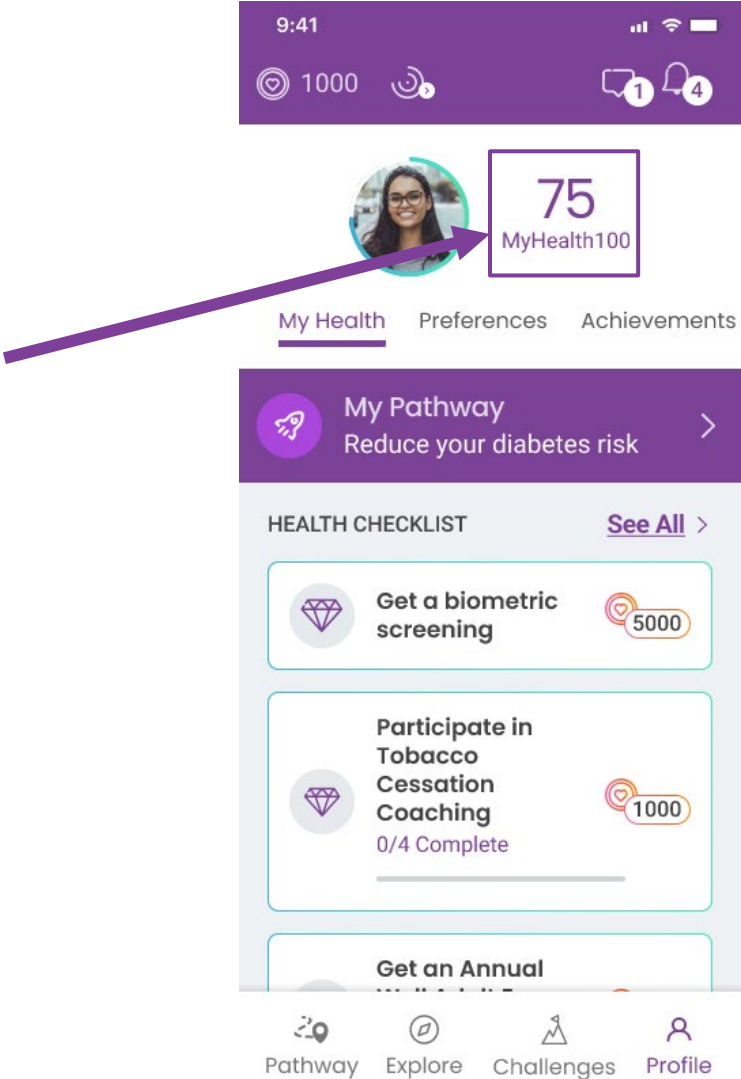

Tap on the **Profile** tab.

# Accessing your health assessment

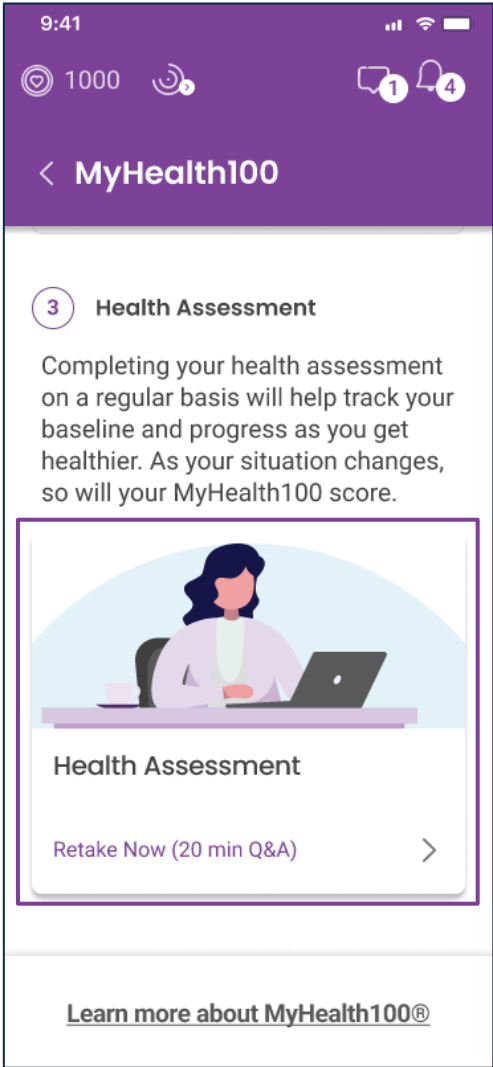

Tap on your  
**MyHealth100** score.

# Accessing your health assessment

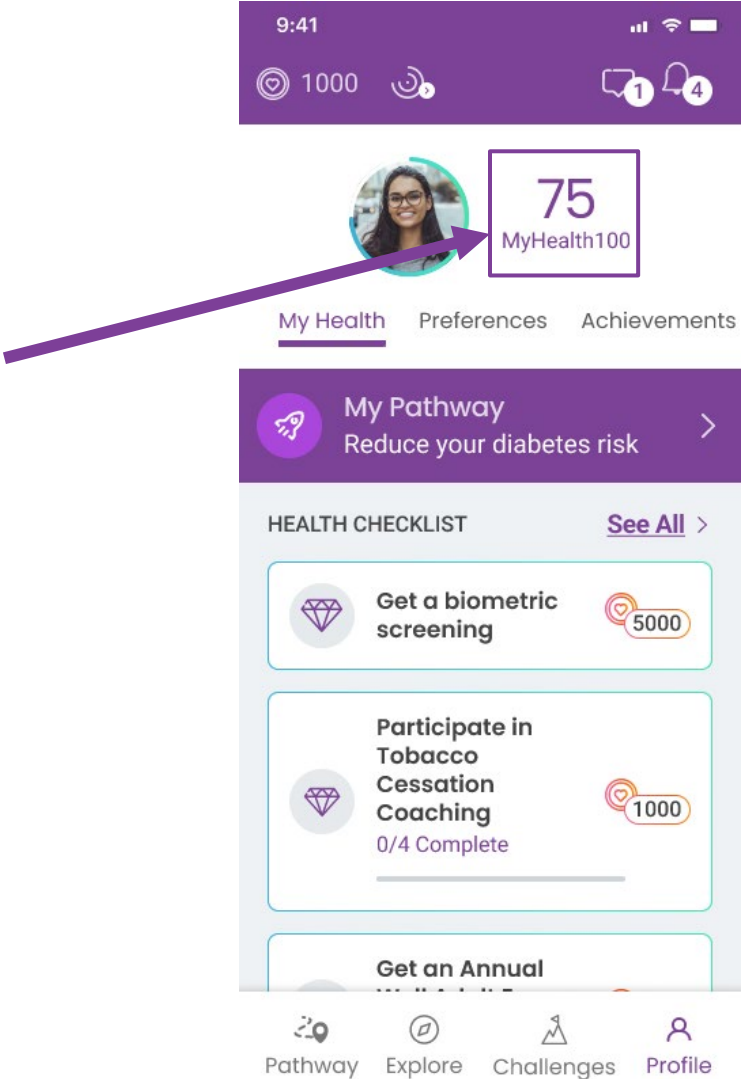

Scroll down the page until you see the Health Assessment section.

Tap the **Health Assessment** button.

# Viewing your last date of completion

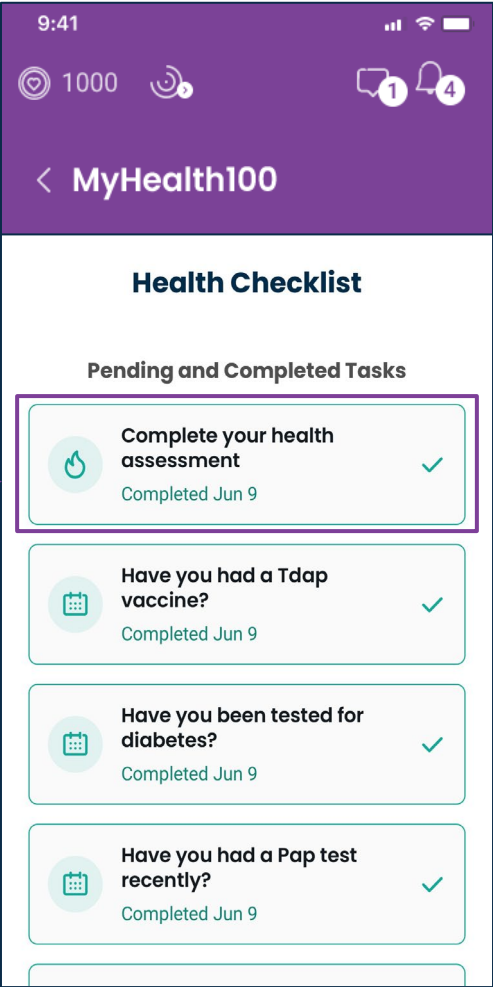

Tap on your **MyHealth100** score.

# Viewing your last date of completion

Scroll down the page until you see the **Health Checklist** section for **Pending and Completed Tasks**.

Your last date of completion for your health assessment will appear in this list.

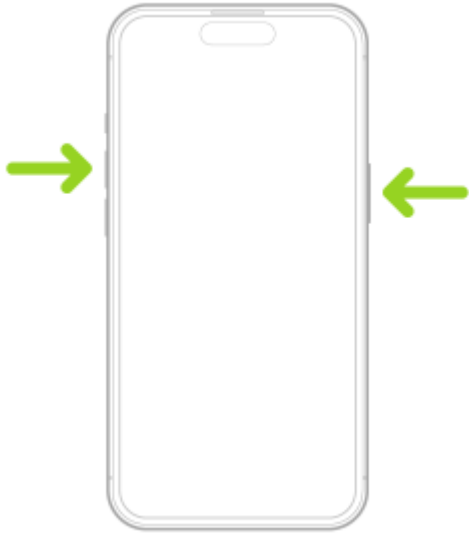

# Taking a screenshot on an iPhone

---

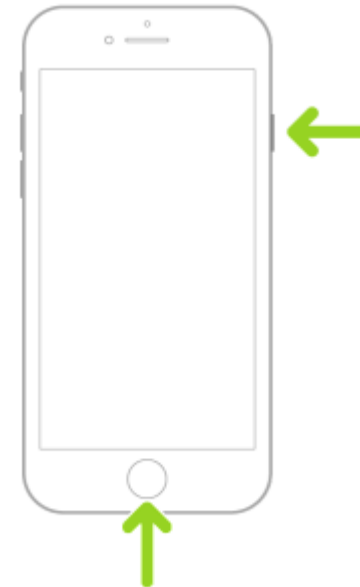

## iPhones with Face ID

Quickly press and release the **side/lock button** and the **volume up button** at the same time.

## iPhones with Touch ID

Quickly press and release the **home button** and the **volume up button** at the same time.

Screenshots are automatically saved to your photo library in the Photos app.

# Taking a screenshot on most Android devices

---

- Depending on your mobile device:
  - Quickly press and release the **power button** and the **volume down** button at the same time.
  - If that does not work, press and hold the **power button** for a few seconds. Then tap **Screenshot**.
  - If neither of these work, please refer to your phone manufacturer's support site for assistance.

Screenshots are automatically saved to your photo library.
