EMPLOYEE RESPONSIBILITIES AND REQUIREMENTS

All employees must comply with this policy and any additional policies that may be adopted by the agency or institution of the Commonwealth where the user is working.

A. **Business Use**

Agency provided electronic communications tools are the property of the Commonwealth and are provided to facilitate the effective and efficient conduct of State business. Users are permitted access to the Internet and electronic communications tools to assist in the performance of their jobs. Some users may also be permitted to access and use social media to conduct agency business. Each agency or institution of the Commonwealth may adopt its own policy setting forth with specificity the work-related purposes for which such equipment and access are provided.

B. **Personal Use**

Personal use means use that is not job-related. In general, incidental and occasional personal use of the Commonwealth's electronic communications tools including the Internet is permitted as long as the personal use does not interfere with the user's productivity or work performance, does not interfere with any other employee's productivity or work performance, and does not adversely affect the efficient operation of the Commonwealth's systems and networks. Personal use of social media that refers to any aspect of the work environment should be done in a responsible and professional manner.

C. **User Requirements**

1. General Requirements

When using electronic communications tools and social media, users should:

- Follow all applicable Commonwealth policies. Users may not violate any provision of this policy, any supplemental policy adopted by agencies, or any other policy, regulation, law or guideline as set forth by local, State or Federal law (see Code of Virginia [§2.2-2827](#)) This may include but is not limited to copyright laws, trademark laws, and other legislated requirements.
- Be responsible and professional in their activities. Employees should conduct themselves in a manner that supports the mission of their agency and the performance of their duties.
- Exercise the appropriate care to protect the agency's electronic communications tools against the introduction of viruses, spyware, malware, or other harmful attacks. When using the Commonwealth's electronic communications tools, social media or Internet access, employees must:
 - Use the Internet, electronic communications tools and social media only in accordance with State and agency policy;
 - Maintain the conditions of security (including safeguarding of passwords) under which they are granted access to such media;
 - Check with the appropriate agency staff prior to downloading or accessing a file or document if the source of the file or other circumstances raises doubts about its safety.
- Be respectful of the agency/organization, other employees, customers, vendors, and others when posting and communicating information. Users should be sensitive to referring to or including others in their communications and posts and should be aware of any associated potential liabilities. Users may desire to obtain consent prior to communicating or posting information about the work place.

2. Business Use Requirements

When using electronic communications tools and social media, users should:

- Use their accurate identities and state their affiliation when using electronic communications or social media for business purposes.
- Ensure the security of sensitive or confidential information when communicating electronically or posting the information on internal or external websites including social media.
- Ensure information is accurate prior to posting on social media sites, state or agency websites, or other electronic media sites. If it is discovered that information is inaccurate after posting, users should work to quickly correct the errors.

3. Personal Use Requirements

When using electronic communications and social media, users should:

- Be clear that their communication or posting is personal and is not a communication of the agency or the Commonwealth when using electronic communications or social media for personal use, including personal use of social media outside of the work environment. For example:
 - Users should use their personal email addresses and not those related to their positions with the Commonwealth when communicating or posting information for personal use.
 - Users may use a disclaimer when posting opinions or views for personal use such as, “The views expressed on this (website, blog, social media site) are my own and do not reflect the views of my employer or of the Commonwealth of Virginia.” when appropriate to ensure these views are not viewed as official Commonwealth of Virginia communications.

D. **Prohibited Activities**

Certain activities are prohibited when using the Commonwealth’s Internet and electronic communications media or using social media in reference to the work environment. Employees who engage in prohibited activities may be subject to disciplinary action according to [Policy 1.60, Standards of Conduct](#). Prohibited activities include, but are not limited to:
