

Safety Officer Networking Meetings

 **Calling All Safety Officers!**

Join the Safety Officer Networking Meetings!

Are you looking to:

-  Expand your safety knowledge?
-  Connect with safety professionals from across the state?
-  Share ideas and solutions to common workplace concerns?

Then Safety Officer Networking Meetings (SONM) are for you! This collection of meetings provides a wonderful chance for professionals in safety and risk management to come together, exchange ideas, and learn from one another! The chance to meet with the OWC Risk Management Team is especially valuable, as their firsthand experience with proactive and reactive strategies will provide key insights into how to effectively reduce and manage risks.

Let's work together to make safety a shared priority!

These meetings provide a valuable platform to:

- Learn from others in the field
- Discuss real-world challenges and solutions
- Stay current on safety trends and best practices
- Build a strong professional network.

Who should attend?

Safety officers, coordinators, and professionals dedicated to workplace health and safety.

Why attend?

Because creating safer workplaces takes collaboration, innovation, and continuous learning — and that starts with you.
